CARNEGIE BOYS TO GO

Schwab and Corey Are Slated to Leave

Steel Corporation.

[Special to The Times-Dispatch.]

New York, May 28.—Entire verification was obtained to-night of the announcement made here this morning that changes were impending in the United States Steel Corporation. The Carnesse were impending in the United States Steel Corporation. The Carnesse to go. W. L. Corey and Charles W. Schwab have ceased to be militant powers in this great organization, and will drop out, along with others.

"Mr. Corey likes Paris, and so does his wife," said one of the steel president's friends to-day. "He comes down once in a while to the office, but he is prepared to eliminate office hours from his daily habits."

No necessity is apparent for waiting until the next annual meeting. The annual meeting was last month, and the change in officers may take place any time between now and the next annual meeting. As a plain matter of fact, they will.

"Mr. Schwab, quickly after his clevation in the corporation," it was remarked to-day. "drey attention to him. CLOSES HEARING Ballinger Noble, Says

"Mr. Schwab, quickly after his clevation in the corporation," it was remarked to-day, "drew attention to himself in a way—well, there is no use mentioning him. Mr. Corey's predilections no longer are for business. The good of the company, which must be somehow kept as of importance, is not likely to be detracted from by their withdrawal."

When the steel properties were combined it was stipulated with Mr. Carnegle that Mr. Schwab should be president. Nevertheless, in the by-laws of the corporation as formed there was Washington, May 28 .- The Ballinger-

"When I came into this case, a stranger to Mr. Ballinger," exclaimed Attorney Vertrees in closing his address, "these were my instructions:

"So far as I am concerned there is no bottom to this affair,' said Mr. Ballinger, 'as to my subordinates, it is not a matter of knowledge, but I believe those about me are honest, but whether they are or not, let this investigation proceed in any direction which it may."

"Whatever your report may be I realize fully that you cannot save him from the injury that has been done, but at the same time I know the report must be in accordance with the evidence and the facts in this case, and that his official career is without spot or stain."

"I am afraid Mr. Vertrees has been corrupted since he came here from the recovery and the facts in this case, and that his official career is without spot or stain."

In beginning his reply, Mr. Pepper declared that it was a "wholly base-less charge" that Garfield's opposition to Ballinger had been inspired by a feeling of disappointment at not having been retained in the Taft Cabinet. He said that if that had been so Garfield's antagonism would not have been directed toward Ballinger.

Crane Responsible.

I have been told that Senator Crane, of Massachusetts, is responsible for Hitchcock's appointment to the Post-Office Department. President Taft, the story goes, was bitterly opposed to giving him the place, but Crane convinced him that it would not do to disappoint him. The bare mention of Hitchcock's name used to make the hefty President swear, but not so now. It is "Frank this" and "Frank that," in the properties of the grave is my castle, he

The Bell people admit that Howard's operations caused them cold shivers, for Howard had the happy knack of getting millionaires and men with capital to become interested in his colossal plan of establishing a great transcontinental telephone corporation. The two confessions regarding the furniture contract resulted in two additional indictments, one a conspiracy charge. As in the case of Senator Broderick, in the Lorimer alleged bribery matter, capiases and bench warrants were is-sued immediately for Senator Pemberton and Representative Clark on the conspiracy charge in the furniture contract. Although an indictment charging conspiracy was returned against Senator Holstlaw immediately, it was nolled and immunity was ordered by Judge Creighton upon the recommendation of State's Attorney Burke. That the purchase was an advantageous one was shortly demonstrated by the issue of \$2,500,000 of bonds on the property. Howard subsequently became president of the road and thereafter became a dominant factor in the roal mof finance as seen in Wheeling, W. Va.
